PROFESSIONAL SUMMARY

Aspiring Software Developer and B.tech student specializing in Artificial Intelligence and Machine Learning, with a strong foundation in Python, Object-Oriented Programming (OOPS), and problem-solving. Strong team collaboration and communication skills with a passion for learning new technologies and building efficient, reliable software solutions.

PROJECTS

AI-Based Smart Exam Proctoring System

08/2025 – 09/2025

- Developed an AI-powered online exam monitoring system using Python and Deep Learning.
- Implemented face detection, eye tracking, and object detection to identify suspicious activities.
- Improved exam security and reduced cheating during online assessments.

Stock Market Trend Prediction

05/2026 – 06/2026

- Developed a machine learning model using Python to predict stock market trends.
- Used Pandas and NumPy for data preprocessing and feature engineering.
- Implemented a Random Forest Classifier using historical stock-market data.
- Evaluated model performance using accuracy, classification report, and confusion matrix.

INTERNSHIP EXPERIENCE

Python Developer Internship

06/2026 – 07/2026

- Python concepts including functions, modules, exception handling, file handling.
- Strength end skills through hands-on Python development and data analysis tasks.
- Performed data analysis using including data cleaning, missing-value handling.
- data analysis using Pandas, NumPy, and Matplotlib.

EDUCATION

Bachelor of Technology (B.Tech) - Artificial Intelligence and Machine Learning

2023 – 2027

Narsimha Reddy Engineering College

Hyderabad

CGPA: 7.02

Intermediate

2021 – 2023

Alphores Junior College

Karimnagar

CGPA: 8.1

SSC 10th

2017 – 2021

Gowtham Model School

Vemulawada

CGPA: 10.0

TECHNICAL SKILLS

Programming Languages

- Python
- Object-Oriented Programming (OOP)

Core Strengths

- Excellent Communication
- Team Collaboration
- Problem-Solving
- Quick Learning

CERTIFICATES

- Java Programming Achieved certification in Java Programming by NPTEL, March 2025

- Internspark certification in python Developer June 2026

- Received certification for participation by IGNITE, February 2026

- Attained certification for active participation in AI and cybersecurity workshop, July 2025
